

Mission Statement

Our School Mission Statement

Our Mission Statement at Westminster Cathedral School is that all children be educated to reach their fullest potential in a truly Catholic community which is centred upon the life and teachings of Christ and the Catholic Church

Within the school community all members seek to establish a calm and stable environment.

Which is conducive to learning
Where quality teaching can take place
Which provides opportunity for the development and extension of each child's spiritual, creative, intellectual, emotional, social and physical capabilities.

We aim to create a happy and caring atmosphere:

Where each child feels secure
Where each child is considered unique and valued for their contribution to school life
Where difficulties and problems are talked through and prayed through and where success is shared and celebrated

We value:

Praying and celebrating together
Drawing from and supporting our feeder parishes of the Holy Apostles and Westminster Cathedral
Serving the wider community through charitable projects.

The main theme of our Mission Statement is to:

“Love one another as I have loved you.”
