

Year 3 News

What happened in our class last half term:

In science, the children in Year 3 have been studying teeth and healthy eating. We have learnt about the different types of teeth as well as their jobs. The children thoroughly enjoyed the activities and learnt a lot as well.

In history we have almost finished our topic on the Egyptians. We have been researching about different aspects of ancient Egyptian life and we are working towards producing a project to be typed on the computer. The children will use the ICT skills they have learnt and will import graphics to go along with the notes they have made. The whole topic will conclude with an Egyptian day.

The children have progressed very well in Spanish and are able to hold a small conversation. They can greet one an-

other, say what their name is and how they are feeling. The children have also worked very hard and now know the numbers to 10 and many colours as well. Here are some of the phrases we have learnt. Why not have a go?

¡Hola !	Hello
¡Buenos días!	Good morning
¡Buenas tardes!	Good afternoon
¡Adios!	Goodbye
¿Qué tal?	How are you?
¡Hasta luego!	See you later!

HOMEWORK

Homework is handed out every Friday and is to be handed back on Wednesday. It is of vital importance that you ensure your child completes their homework and hands it in on Wednesday.

SPELLINGS

Rhyming / word family spellings are given out as part of the Friday night homework and are tested on the following Friday in class.

READING

Your child should read for at least 15 minutes every night and a note of this should be made in their reading record. They can read either books from school or home.

In science we have been doing some stretch investigations which the class really enjoyed.

Topics for this half term:

RE Special people and meals.

Literacy Instructional and informational text. We will also be looking at the area of road safety.

Maths 2,3,4,5, 6 and 10 times tables and related division facts. Fractions and measuring using

Kilometres, metres and centimeters. We will be moving on to telling time and any practice on this at home would be beneficial.

Science Springs and magnets

History Life in Egyptian times.

Geography Weather- Hot and cold places.

ICT

Combining text and graphics

PE Gymnastics

D.T. Making sandwiches.
